

# **Club Policy # 106**

## **Club Store Activity and Sales**

It is the intent of the Board of Directors that the Club Business Manager, in general, will manage the Club store with regard to inventory, pricing and operation thereof, however the Club President and the BOD will provide guidance and oversight.

1. Club inventory will mostly be reloading components, accessories, and reasonable quantities of fixed ammunition (loaded ammo ready to fire). Firearms will not be carried in inventory.
2. The Club store inventory is for sale to daily, annual or life members. Daily members will only be sold quantities of fixed ammunition that could reasonably be expended that day of sale at the range. Price quotations will not be given on the telephone. A statement that we have paper targets for sale for use at our range will generally suffice. The senior person on duty at the office has the full authority to stop any sale that violates this policy. Further, all applicable local, state and federal laws will apply to all sales.
